Spanish · Greek

Activities

Apple Park

Architect

Keynote

Powerful Presenter

Work Experience

Apple · Founder & CEO

April 1976 to present

- I founded the company after the acquisition of my previous company.
- And lowkey revolutionized the world as we know it while working in a diverse team of cool engineers and designers.

NeXT · Founded this as well LOL

- I founded the company after being fired from my previous company.
- And eventually my previous company bought this company back. It is kinda complicated.
- Point is, I made a lot of money.

Pixar · It's Complicated

Timestamp

- Random buzzwords. Blockchain. Entrepreneurship. Flask. MongoDB. AI/ML. Tensorflow. Italic Fonts. Computer Vision.
- Second bullet point.
- Third bullet point as well!

Selected Projects

iPhone · MacWorld 2007

- The greatest phone since the iPhone.
- Inspired a generation of other smartphones such as the Samsung Galaxy and highly successful Nokia Lumia lines.
- Unfortunately, does not support 5G.

iPad · Apple Special Event 2010

- Took an iPhone and stretched it using cutting edge technology.
- Built a React frontend and Flask backend within 24 hours working with a team of 15,251 Apple employees.

MacBook Air · MacWorld 2007

- I grew increasingly frustrated with having to use a knife AND a laptop, so I just merged them.
- Precursor to the immensely popular just MacBook and accompanying dongle life.

Macintosh · Some 1984 Event

- This was not stolen from Xerox PARC.
- I repeat, this was not stolen from Xerox PARC.
- Don't be suspicious.

Research and Publications

On the irony of a dropout giving a commencement address

Presenter, Stanford Commencement Address 2005

On the importance of knowing calligraphy when starting your own company

Author, Reed College
